## PROFESSIONAL EXPERIENCE

**Founder | All Together Strategies | 2019 – present** | Help organizations pioneer co-creative collaborations that help them and those they support become models for positive change in the world. Current projects include:

- Empowered to Educate: strategy, design, implementation of fellowship program for women innovators in education launched April, 2030 in Ghana
- Catalyst 2030: co-facilitator of Collaboration & Convergence team to design the collaboration framework and methodology for 200+ social entrepreneurs seeking to tackle the Sustainable Development Goals (SDGs). Co-developer of “Co-Lab” events model for catalyzing collaboration

**Executive Director | The Melton Foundation | 2006 – 2019** | Chief executive in charge of strategy and implementation of Foundation’s mission to tackle pressing global challenges through a collaborative learning and leadership network of over 500 fellows from Chile, China, Germany, Ghana, India, and the US. Accomplishments included:

- Led participatory strategic planning and organizational restructuring centered on Global Citizenship to leverage the Foundation’s \$10MM endowment and other assets for greater impact
- Led creation of an online and in-person learning program in Global Citizenship based on experiential and co-creative curriculae
- Strengthened Board of Directors; Recruited and chaired new Board of Advisors
- Brokered institutional collaborations with leading social and academic institutions including Ashesi University, MIT D-Lab, Climate Reality, Hasso Plattner D-School, and Carnegie Council
- Increased selection standards, competitiveness, and diversity of Fellowship
- Led and supervised globally distributed staff
- Curated and led five roundtables on “Leveraging Networks of Changemakers for Impact” among leading foundations and programs

**Co-Founder & Senior Editor | Innovations journal – MIT Press | 2005 – 2012** | Co-founded and served as editor of journal on entrepreneurial solutions to global challenges published by The MIT Press. Accomplishments included:

- As one of three founders and investors: carried out launch, editorial direction, fundraising, and strategic business decisions
- As the lead editor for case studies: edited or co-edited a third of the journal’s published articles from 2006 to 2012 in close collaboration with many of the world’s leading social entrepreneurs, innovators, and impact investors
- Helped raise funds to cover publishing costs; sponsors included Skoll, Schwab, Lemelson, and Rockefeller Foundations

**Associate Director for Global Network | Ash Center for Democratic Governance and Innovation, Harvard Kennedy School of Government | 2001 – 2006** | Responsible for developing and deploying the Center's Global Network, which promoted innovation in the public sector. Accomplishments included:

- Lead role in building out the Ford Foundation's global network of innovation awards programs in seven countries
- Held a key stewardship role with Center's founding donor, the Ford Foundation (\$50MM endowment); obtained additional project support from the World Bank, USAID, and US State Department
- Developed the Center's original Global Innovators Network strategy
- Authored, edited, or produced: Innovations in Technology and Governance case compendium; Innovations in Service Delivery to the Poor in Indonesia; Innovations for Development site on the Development Gateway portal
- Delivered talks, workshops, training on innovation and social entrepreneurship in Brazil, Indonesia, Latvia, Mexico, South Africa, Spain, and the US

**Senior Development Officer for New Programs and Technology Initiatives (1998-2001); Program Officer (1989 – 1998) | LASPAU (Academic and Professional Programs for the Americas), Harvard University** | Developed and managed a diverse portfolio of programs in Latin American higher-education development, primarily in Brazil, Colombia, Ecuador, and Central America. Accomplishments included:

- Created and co-taught executive seminars throughout Latin America on the strategic use of technology for universities and NGOs
- Stewarded successful partnerships with diverse funders, including the Fulbright Program, Ford Foundation, Mellon Foundation and the governments of Brazil, Colombia, and Ecuador
- Coordinated Fulbright-CAMPUS program policy and program across seven countries for 180 students per year placed at ten U.S. universities
- Co-developed Ford-LASPAU Afro-Brazilian Studies Program at Ford Foundation Office in Rio de Janeiro
- Researched and published articles and papers on education and technology in Latin America

**Education and Training Advisor | World Learning, Brattleboro, VT | 1987 – 1989** | Managed caseload of USAID-sponsored Central American scholarship recipients placed at U.S. universities

**Assistant Director | Brethren Colleges Abroad, University of Barcelona, Spain | 1985 - 1987** | Managed study-abroad program for 30 to 50 U.S. undergraduate students
